

This Rules/Policy document is provided to you and your organization as a starting point or maturity checkpoint for existing rules/policies. It is brought to you on behalf of Jim McConnell, Principal Owner, and Ask McConnell, LLC – A Converged Security Services Provider. The content is not meant to cover every circumstance, industry, law, regulation, contractual requirement, threat, environment, or risk, but it provides an easy, defensible, highly accountable starting point for any organization. Please consult with your legal counsel and insurance provider about added requirements. If you know of peers that you think would find value in these resources, please have them contact us. These will be updated on our website regularly. We are not legally protecting these documents; we just ask for credit, shout-outs, and referrals if you find them helpful. If you have recommended updates, we are all ears. And if you need Converged Security Consulting and Training, please reach out, we would be honored to serve you and your organization.

Partnerships with Law Enforcement

Updated: 07 May 2025

Protecting human lives is the highest requirement of our entire organization, whether they are employees, customers, volunteers, visitors, or part of our supply chain while under some nexus to our organization.

- I will report security concerns, vulnerabilities, and threats to my supervisor or the organization's Ethics Hotline or if they are unavailable, and I feel unsafe, I will call law enforcement.
- I will support law enforcement authority and needs during any incident with a nexus to our organization
- I will verify any law enforcement request for non-emergency access to records, facilities, or people with the organization's legal team before complying
- I will support tours and training with law enforcement at the organization facilities
- I will make sure any projects and operations I oversee include requirements and considerations of law enforcement
- I will engage or support the proactive engagement of law enforcement for crime prevention, crime awareness, and threat management, in support of the organization.
- If I am a witness to a crime while on organization time or location at the organization's facilities or events, I will notify legal and law enforcement and cooperate with law enforcement's investigation.
- If I manage the law enforcement / legal demands function of the organization, I will manage it with absolute integrity and confidentiality and always with exigent priority
- I will manage or support a State of Security Report and Presentation, under Executive Session, at least yearly, that covers incidents, vulnerabilities, improvements, and metrics across all domains of Security, including partnerships with law enforcement.

Signature Note: I am a huge fan of wet signatures on these types of documents for accountability and investigation reasons. So you can add the parts below to each rule/policy document or have a collective wet signature and references in the Security Agreement document, located on the same webpage you got this rule / policy from. Organizational preference.
